## Large Sums Lost In Interest, Says Auditor's Report

Continued from Page One.

which receipts were given promptly, but which seem to have been deposited after delay, although before Kephart left office, it is stated, all moneys were deposited in the credit of the state. Where certain sums were in the meantime the new puzzle, and no one here seems to be any nearer solving the cause of the matters reported upon in the first three reports than when they were issued.

The report deals with \$729,123.02 of the Allegheny county checks and says "unless there is some record which has not been submitted to us or some explanation not disclosed to us with respect to the items here dealt with, the commonwealth did not receive full possible use and benefit of the funds represented by these checks during certain parts of the period from June 20, 1918, to the close of business, April 30, 1921." This latter date is the end of the Kephart term.

The eight groups in the "audition" deal with more than a score of checks in each group being commented upon.

Auditor General Lewis today announced another section of the report of the auditing public accountants who had made the audit of the state treasury would be made public by him within a few days. The report is now being prepared and will be given to the public as soon as digested, Mr. Lewis declined to discuss the contents of the next section except to say it would relate to matters made public last night and dealing with transactions relating to payments from Allegheny county. He also refused to make any statements regarding the report issued.

Attorney General George E. Alter, to whom was sent the fourth section last night, said the matter would be given careful study and was about with preparation for a public hearing to be held by Mr. Lewis next Thursday. The notices to the men to be asked to appear will be issued within a day or so by the auditor general. They will include former State Treasurer E. M. Kephart and members of his staff.

Mr. Lewis said today the primary would not affect his plans for making public the audit or anything else of a public nature in his department.

The result of the primary has not changed his position but the records of the department are open, said he. The candidates have access to any public record. This matter was discussed with Mr. Pinchot by me on Monday and he has heartily concurred in my attitude in this matter."

**DESPONDENT, SUICIDES**

**Mine Strike Causes Adam Hudock to Take Life.**

Despondency, caused, it is said, from the prolonged period of which he was being thrown out of work by the mine strike, prompted Adam Hudock, well known as a miner of Fairchance to take his life Sunday, according to relatives and friends. Hudock left a letter addressed to his wife in which he is reported to have said: "I can't stand to see so many men out of work." The letter was short, saying simply good-bye and giving instructions about the home he had just built near the Catholic Church at Fairchance and clothing with this indirect statement of the work which had driven him to suicide.

Before the strike Hudock had been employed at a coal dumper at the Collier mine. It is said he unwillingly quit work with the rest of the miners and did not join the Fairchance local union, it is reported, until the week before he took his life.

## Grim Reaper

MRS. JESSE G. PERCY.

Following a brief illness of apoplexy Mrs. Mrs. McCornick Percy, 55 years old, wife of Jesse G. Percy, died this afternoon at 1:15 o'clock at her home in East Apple street. She had been falling in health for the past few months but was not confined to her bed until her late illness. She had gone to a drug store Tuesday night for medicine for Mr. Percy and was taken ill while in the store. However, she was able to leave the store and had gone just a short distance when she was stricken. She was removed to her home and medical assistance was immediately summoned. She was revived and talked with relatives at her bedside until 1 o'clock Wednesday morning. She then became unconscious and remained in that state until death.

Mrs. Percy was born in Connelville May 15, 1867, a daughter of John Hurst and Mary Jane Lyons McCornick of Connelville. June 27, 1889, she was married to Jesse G. Percy and for a number of years had resided in the house where she died. Her death marks the last of the family. Mrs. Percy was prominently connected with the Methodist Protestant Church, serving as a member of the official board and as president of the Ladies Aid Society for many years. She was also a member of the Ladies' Bible Class and was a charter member and active worker in Friendship Temple No. 25, Pythian Sisters. She was past grand chief of the organization. Her illness being of so short a duration, her death came as a great shock to the entire community. Mrs. Percy spent all her life in Connelville and was liked and esteemed by her host of friends. Her husband and a number of relatives survive. She was a niece of Mrs. Rockwell Martine.

MRS. FRED BETZ.

Mrs. Wilhelmina Betz, 40 years old, wife of Fred Betz, died last evening at the home of her sister, Mrs. Charles Sheering in South Connelville. She was born July 23, 1882, a daughter of George and Anna Bachman Meyers. Mrs. Betz was taken ill at her home in Rosslyn, Va., and was brought to the home of her sister to receive medical treatment. In addition to her husband and sister, Mrs. Betz is survived by two children, Raymond and George, and her mother, who resides in Connelville; two brothers, William of East Pittsburg and George of Detroit, Mich.; three sisters, Mrs. William C. Smith of South Connelville, Mrs. Frank Lux of Grand Rapids, Mich., and Mrs. John J. Carson of Pittsburg.

Arrangements for the funeral will not be made until the arrival of Mr. Betz, husband of the deceased, who is employed in the Bureau of Standards, Pittsburg.

ROBERT BONNER.

Robert Bonner, 87 years old, formerly of Connelville, died Wednesday night at his home at Banksville, Pa. He is survived by two sons, one daughter and three step-sons, including George Benton of Connelville, who was at his bedside when death came. Mrs. Benton went to Banksville this morning to attend the funeral. Mrs. Bonner moved to Banksville from Connelville about four years ago. He had a wide acquaintance here.

MRS. GEORGE HUGHES.

Mrs. Dorothy Hughes, 24 years old, wife of George Hughes, died Wednesday night at 11 o'clock at the home of her father, David L. Anley, in Fourth street, South Connelville, following a lingering illness. She is survived by her husband, her parents, one brother, David Anley, of East Millersburg, and two sisters, Mrs. Andrew Dobbes and Catherine Anley, both at home.

WILLIAM H. SMITH.

William H. Smith, 42 years old, of Gales died Wednesday following a long illness. The funeral will be held Saturday at Derry.

GEORGE D. MILLER.

George D. Miller, 65 years old, of Uniontown, died Wednesday in the Uniontown Hospital following a week's illness of pneumonia.

Attack Miners; Arrested.

SOMERSET, Pa., May 25.—Eight men were arrested today at Ackery near here, charged with attacking two miners who were enroute to work in the Quenahoning Coal Company plant. They were charged with riot, assault and battery. The prisoners, according to Sheriff John W. Griffiths, worked for the Quenahoning company prior to the strike of miners. The majority of the employees have been out since April 1.

Everson Woman Dies.

SCOTTSBURGH, May 25.—Mrs. Anna Josie Polka, 60 years old, wife of Michael Polka of Everson, died last night at her home at Everson. She leaves three sons and a daughter, grown.

The funeral service will be Saturday at 8 o'clock at St. Joseph's Church.

## Washington County Has Second Largest Soft Coal Reserve

Washington county has the second largest reserve of bituminous coal in the state according to a preliminary report prepared by the Bureau of Topography and Geological Survey of the Pennsylvania Department of Internal Affairs and made public by Dr. George H. Ashley, state geologist. Five beds in the county are considered of economic value, and the quantity of coal in the ground has been calculated for each of the beds. The five coals, in the order of their present importance as shipping coals, are Pittsburgh, Redstone, Waynesburg, Washington and Freeport.

Because of the irregularity and many partings of the Redstone, Washington and Waynesburg coals, it is believed that the Freeport bed will yield a larger output than any if these when the Pittsburgh bed has been exhausted and necessity demands the development of deep lying beds.

The accessibility of Redstone, Waynesburg and Washington coals for local use makes them more important than the Freeport coal at the present time but if assumptions as to unbroken continuity of this bed throughout the county are correct, the Freeport coal can be considered as second in importance for future commercial use.

Other coals are mined for local use but as the beds are very small and little is known of their extent and thickness, they are not included in the computation of reserves.

The computations made for Washington county show that there is recoverable within the county borders a total of 5,481,880,000 short tons of bituminous coal. Of this total, there are 3,516,869,000 tons of Pittsburgh coal, 88,000,000 tons of Redstone coal, 368,880,000 tons of Waynesburg coal, 322,640,000 tons of Washington coal and 859,000,000 tons of Freeport coal.

Washington county has been for many years one of the most important coal producers in Pennsylvania. It contains approximately 40 per cent of the Pittsburgh coal reserves in the state.

Although only five beds have been considered in the reserve computation, there are in reality 39 coal beds in the county but many of them are only a few inches thick.

Two bulletins, "Coal Beds in Washington County," and "Coal Reserves in Washington County," have been prepared by the survey bureau and may be had upon application. The one describes in detail the distribution, thickness and quality of coal which remains unmined but recoverable within the boundaries of Washington county.

## Length of Factory Hours Is Decreased

The returns of the 1919 census of manufacturers indicate a general and marked decrease in the prevailing hours of labor. Of the 9,098,372 wage-earners reported by that census, 4,418,693 or 48.6 per cent were employed in establishments where the prevailing hours of labor per week were 48 or under, while in the previous census, covering the year 1914, the number employed in this class of establishments was only 373,430 representing 11.8 per cent of the total number of wage-earners.

The establishments in which the hours of labor were 48 per week in 1919 employed 32.6 per cent or about one-third of the total number of wage-earners and those in which the hours were less than 48 employed 16 per cent of the total.

In 1914, 74.6 per cent of the total number of wage-earners were employed in establishments where the prevailing hours of labor per week were not less than 54 and 28.9 per cent in establishments operating not less than 60 hours per week. In contrast with the census of 1914 reported 34.9 per cent working not less than 54 hours and 12.1 per cent working not less than 60 hours.

## The HOME GARDEN

What is Home without a Garden?

## Why Doctors Order Turnips

With a better and clearer understanding of the principles of hygiene, which require a supply of fresh vegetables, the vegetable, the turnip, formerly almost exclusively grown in a fall and winter crop, now takes an important place as an early summer vegetable and is sown in the spring with other early vegetables instead of as a fall crop exclusively to be put in during July, usually as a succession to peas or early string beans.

The young and tender turnips harvested when they have reached the size of about two inches in diameter form a delicate and tempting dish much more delicate in flavor than when they have reached full maturity and with no chance for them to be pithy or woody.

The turnips do not like hot weather any more than do their close relatives, the radishes, and the seed should be put in the ground about the same time as the radishes. They stand considerable frost without harm. By an early planting, a crop of young turnips will be ready for the table by the time the fall crop for fall consumption or for winter storage is ready to be planted.

For tenderness they require good cultivation and to be kept going at top speed for the early crop. The later crop does not require the same attention as the plants grow more slowly and attain greater size. They will be hastened, however, with careful cultivation in order to make them ready for use in the fall. During long dry spells

Many men and women suffer from backache, rheumatic pains, stiff joints, sore muscles and other results of kidney trouble because they neglected the first warning symptoms. Foley Kidney Pills aid the kidneys to throw out poisonous waste matter that causes pain and misery. Stephen Lewis, Eldridge, Ky. writes: "Foley Kidney Pills did me more good than all the other medicine I ever took. I had kidney trouble 10 years. I don't have any pain like I had before I took them. Commissions for Midshipmen.  
WASHINGTON, May 25.—Commissions for all 110 approximately 400 midshipmen in this year's graduating class at the naval academy virtually were assured today when the Senate Committee voted unanimously to recommend confirmation for their nominations for ensigns sent to the Senate yesterday by President Harding.

Why Castoria?  
YEARS ago Castor Oil, Purgative, Drops and Soothing Syrup were the remedies in common use for infants and children. Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but a disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain.

It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven the worth, received the praise of Physicians everywhere and become the household remedy for infants and children. A remedy ESPECIALLY prepared for infants and children and no mother would think of giving to her baby a remedy that she would use for herself, without consulting a physician. Castoria is the only safe, reliable, and effective remedy. Genuine Castoria always bears the signature of Dr. J. C. Williams.

GOOD SOAP FOR LESS  
THAN TWO CENTS A POUND

Make It At Home By This  
Easy Process—Takes Less  
Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker.

In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all the pure, clean soap you need for kitchen laundry and all household purposes.

You will find simple directions for soapmaking on the label of every can of Merry War Lye—also many other recipes such as how to make lye honing, how to soften water, how to make clothes washing easy, how to brighten cooking utensils, etc.

Merry War Powdered Lye is also a wonderful cleanser and purifier for use about the home, barn, chicken house and outhouses. Comes in a convenient can with revolving sifting top that cannot come off, cannot get lost, releases lightly and preserves contents. It is economical to buy and easy to use.

Ask your dealer for Merry War Lye—be sure you get "Merry War"—the lye that has made good for 35 years.

## At the Theatres

**THE SON-SON.**

"TOLERABLE DAVID," a First National picture with Richard Barthelmess in the leading role, opened today for a three-day attraction at this theatre. The play, replete with thrilling adventures staged in the mountains of Virginia, is full also of heart thrills wound around simple family life. Mr. Barthelmess, as David, reaches the hearts of his audience through his appeal for sympathy for the ideals of the romantic country boy, and he thrills them with his revelation of indomitable courage and tenacity of purpose at the risk of his own life in defending these ideals. A new-born babe who pulls at the very heart strings with the message his entrance into the world carries, is among the characters. David's dog, his courageous father, tender mother, pitiful sister-in-law whose life is blighted by the tragedy which betrays his hero-brother, all carry the same message. The touching love theme which runs through the story, being the basis for many a delightful romantic scene, not untouched by comedy at times, furnishes a beautiful background. Mr. Barthelmess, who first appears before the public as a star in this play gives a sympathetic and understanding portrayal of the youth "David," which will bring an answering heart throb from all who see it.

**THE PARAMOUNT.**

"GO GET HIM," the leading picture today, presents "Bill" Fairbank in the stellar role. Harry Walker effects the escape of the hero by shooting the

ropes which bind him captive to a tree. Ward Wing played the part of Harry Walker and determined to do all that the part called for, he would snatch every minute that he was not working in a scene and disappear into the woods. Director Curran, attracted by several shots one afternoon, mounted a horse and rode over the rocks in that direction. There he discovered Ward Wing with a rope tied

around a tree, his gun on a tripod, shooting for dear life. What's the idea, asked Director Curran. "Well," said Ward, "I don't want anybody to have to shoot that rope for me, so I'm practicing up a bit. Monty Montague, who plays the part of Black Roberts, spent his early years in the show business on the vaudeville stage in a tumbling act. During the fight on the edge of the cliff the hero knocks the villain

over the edge. Monty, in falling, missed his landing and went rolling through the brush to the foot of the cliff. Miss Dorothy Dane, the young feminine star, is one of the screen's most promising lights. Miss Dane entered the screen world with Christie Comedies.

Friday and Saturday "The White Mask" starring Franklin Farnum, will be shown.

**THE ORPHEUM.**

"BURIED TREASURE," a Paramount picture starring Marion Davies, is the feature picture today, Friday and Saturday at this theatre. The story begins with a prelude showing the antecedents of Pauline Vandermuellen (Marion Davies) in various epochs, each supposedly having the same soul as Pauline, and handing it on from generation to generation. The play proper opens at a masquerade party in the mansion of William Vandermuellen, a Wall street capitalist. Pauline is attired as a Spanish senorita and when she gazes in the mirror she feels in a vague way that she sees herself as she appeared in a bygone age. The scene then shifts to two pirate ships where Pauline's father is seen identical with El Pirata, one of the cruellest of pirates, and all of the other characters appear also as they were formerly. Pauline guides her poor sweetheart to Santa Catalina where he finds much buried treasure and which enables him to marry her. Miss Davies was never more charming than as the Spanish beauty and the entire production is exceptionally well handled. Her support, headed by Norman Kerry, is excellent.

### Independents Play Three Games Before End of May; Meet Grays Twice Tuesday

Pittsburg Collegians Will Be Attraction Here Saturday.

#### OTHER SPORTING GOSSIP

By James M. Driscoll  
Sporting Editor.

The Connellsville Independents have three big exhibitions arranged to be played before the end of May, one of Saturday with the Pittsburg Collegians and two on Tuesday, Memorial Day, with the Elizabethtown Grays. The Memorial Day games will be played in the morning and afternoon.

The Collegians, traveling at an unusually good pace for this period of the season, will be good stuff for the Cokers to "warm up" on to get in shape for the Grays. The Pittsburgers are in West Virginia and play at Fairmont Friday. They will arrive here Saturday morning.

The Grays always prove a big attraction in this city. The Cokers have never yet been able to defeat the outfit, some break or other always giving the colored team the edge. Manager Posey of the Homebuilders says it will be merely another repeat of a victory this season but he will find a much stronger team in Connellsville uniforms than before.

Accounts of the performances of the Coker infield with the Man O' War Club of East Liverpool, Ohio, show all are hitting the ball hard and their manager of the Coker crew, scattered throughout the local region, are in one or more ball games a week in addition to those at Fayette Field.

#### Capstan Loses Opening Game to Baltimore & Ohio

**SOUTH CONNELLSVILLE, May 25.**—Play Ball! One hundred and twenty-five baseball fans witnessed the defeat of the Capstan baseball team last evening on the Capstan diamond at the hands of the Baltimore Ohio All-Star team, by the score of 5-5, in a seven-inning contest. The Capstan outfit, although being defeated, showed up well considering that it was its first game and that the prospects of making a real ball team before the season is far gone. The Baltimore Ohio team was far from being "easy picking," having some baseball veterans in its lineup, such as "Chip" Francis, "Honey" Fisher and Tom Jones, all former members of the Connellsville Independents.

The game was good and had in it, both sides making a number of errors, which proved fatal to the Capstan team. Swops allowed B. & O. but six hits in five innings, his support being wobbly at times. He was relieved by Duke who worked the remaining two innings, allowing but one little hit. "Al" Ridge worked behind the bat for Capstan. The battery for B. & O. was Carothers and Gleason.

The score:  
Capstan 0 0 0 1 0 0—5  
B. & O. 3 2 0 0 0 0—8  
The B. I. G. Club, composed of Capstan girls, will hold its regular meeting this evening at the home of Miss Henrietta Henderson, of Painter street, starting at 7:30 o'clock. Every member is asked to be present. Following the business meeting the club will hold a social hour.

#### Presbyterians Win Game From Lutheran Nine

The First Presbyterian Church baseball team defeated the Lutheran nine in a seven-inning game at May Field, South Connellsville, last evening. The First Church nine was ahead from the start, getting two runs in the first, three more in the second and three in the fourth. Jones was doing well on the mound for the Presbyterians and with support held the Lutheran score to nothing. The final result was 3-0.

The Presbyterians have now won both games played and are leading the league. The game last evening was postponed from Friday, when rain prevented the clash.

The score by innings:  
Lutherans 0 0 0 0 0 0—0  
Presbyterians 3 0 0 0 0 0—3  
Pitchers: Blinn and Richie; Jones and Evans.

"Whitey" Shomo, field manager of the Cokers, featured in a game at Wilkesburg yesterday, getting three hits out of four times at bat.

There were no tournament matches played at the Connellsville Tennis Association courts last evening, the light rain, which fell chasing the players home. Later a few returned but the tournament did not figure.

A tournament match to be played tomorrow evening will be between O. R. Herwick and Isadore Horowitz. If Herwick wins he will move into third place.

Fred Riegan has a new racquet and is just getting acquainted with it. He expects to make Johnny Brown bustle after he gets hitting them right.

There was one casualty in the Presbyterian Lutheran game last evening. Percy Sheets was exhibiting a swollen

## Baseball Notes

The Vernon club has shipped Pitcher Elmer Hill to the Beaumont club.

The Pittsburgh club sold Pitcher Lyle Bigbee outright to the Milwaukee club.

The next improvement in radio service will be to broadcast the score by innings.

The Shreveport club has given Pitcher Hick Farrel his unconditional release.

The veteran Deacon Philippi is helping Bill Powell coach his pitchers on the Flint team.

Don't you sometimes wonder what a man with an umpire's talents does for a living in winter?

Manager Connie Mack of the Athletics has signed Bert McFarlin, pitcher, of the University of Texas.

The Denver club of the Western has bought Bobby Coltrin, shortstop, from the Bloomington club of the Three-I.

The Little Rock club has released Catcher Gerald Wengert to Topia of the Western Association to help out Gabby Street.

Rutgers College has appointed Edward Phelps, former National league catcher, to assist in coaching its baseball team.

The St. Louis Nationals released outright to Houston of the Texas

league Pitcher Arthur Reinhart, a southpaw.

It didn't take Manager George Gibson long to discover that the shift in fields for Max Carey and Carson Bigbee would not do.

"Chick" Fawcett, of the New York Yankees, was fined \$1 by a judge in Washington for driving an automobile without a license.

The Salt Lake team is finally fixed up behind the bat, Butch Eyer, who has been holding out, making up his mind to rejoin the team.

Manager Bill Killefer of the Cubs decided to keep Barney Friberg for awhile and sent infielder Benny Viveros to Los Angeles instead.

The Rochester Internationals and Sacramento Consters have made a deal by which Rochester gets the re-calcitrant Harry Lantz, infielder.

Olle Pickering, a youngster of fifty-three, is to manage a team in the Killy league and perhaps take a turn in the outfield or pinch hit occasionally.

The Salt Lake club has released Bill Thompson, minor leaguer, who tried to pull a comeback after spending two or three years in industrial ball.

New Haven club purchased Frank Woodward, leading strike-out hurler of the Eastern league last year, from the Washington club of the American league.

The Atlanta club gets another bit of medicine from Commissioner Landis, who for some reason or other has refused to reinstate Frankie Mayer.

Alfred Neht, a cousin of Art Neht of the New York Giants, won't make his mark in baseball just yet. He has been released by the Terre Haute club after a brief trial.

Umpires signed for the Nebraska State league include the veteran John Goding, one time catcher in the Western league, and Earl Snyder, also with some reputation in minor league ball.

The Columbus club made a deal by which it traded Outfielder Jimmy Taggart and Infielder Fred Bruhner to Newark of the International for Infielder Maurice Shannon.

The Minneapolis club has released Shortstop Elmer O'Sunghnessy to the Shreveport club of the Texas league. He is still the property of the Washington Americans under a string.

The Boston Red Sox have turned Pitcher Tom "Zip" Sloan back to the Hartford club, Eastern league. Henry Fike, another recruit pitcher released by Manager Duffy, has joined the Bay City club of the Flint league.

From May 20 to June 15, 1921, the Baltimore club, champions of the International league, won 27 straight games, tying the world's record for consecutive victories held by the Corsicana club of the Texas league, made in 1902.

While the Yankees were training in New Orleans Everett Scott, shortstop of the New York club, had one of the busiest days of his career, when he handled 17 changes easily. In a major league battle this would have been a record.

#### Chinese Golfer Will Tour United States

Hawaii, having given the world many of its phonograph tunes, the hula-hula dance, canned pineapples and such swimming stars as Duke Kahanamoku, the Kealahou brothers and George Cuban, now is offering a Chinese golfer.

Charles Chung, nineteen, who was runnerup in the Hawaiian championship last year, will tour the United States this year, entering various golf tournaments, accompanied by Francis Brown, a wealthy sugar planter, and Doc Adams, a golf writer from the Hawaiian Islands.

#### FOUR CAPTAINS IN LINE-UP

Leaders of Hockey, Basketball and Football Are Among Members of Baseball Team.

On the Harvard basketball nine are four variety captains, and all of them were members of the first football squad last year.

Arthur Conlon is captain of the nine. George Owens, who plays first base, leads this winter's hockey team, and Lou Gordon, captain of the basketball team, plays right field. Charley Buell, captain-elect of the football team, is a substitute for second base.

## Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, grueling test. The carcass is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, massive

and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

#### PLAY STEPHENSON AT THIRD

Being Groomed to Succeed Larry Gardner at Hot Corner—Ready to Fill Position.

Riggs Stephenson is being groomed as a successor to Larry Gardner, third baseman of the Cleveland Indians. Stephenson came into prominence last year when Bill Wambach and several substitutes were injured and he played a sensational game at second base the first few weeks of the season. Stephenson is a natural slugger and it is predicted that when Gardner retires he will be ready to fill the position.

## Production Gain Seventh Week Almost Double That During the Week Preceding

Total 57,430, an increase of 5,230 tons since low point, May 6.

### ACTUAL PROGRESS MADE

Forward a Recovery of Coke Making as Result of Activity of M. C. Frick Coke Company in Firing Up Plants and Ovens; Strike Wearing Out.

From The Weekly Courier.

The seventh week of the strike, which also marked the second week of a definite upward turn in coke production, almost doubled the gain made during the first week of the improvement. The regional output was 57,430, a gain of 5,230 tons, as compared with 52,200 tons, which was a gain of 1,950 tons during the week ending May 13. The aggregate gain since the bottom was reached during the week of May 13 is therefore to have been 52,200 tons, or 30 per cent of the minimum produced during a single week since the strike began. Compared with a year ago last week's production was 147,500 tons, or 34.5 per cent greater.

While the expansion of tonnage during the past week was small, as such changes would be considered in normal times, it was important in showing that actual progress is being made toward a recovery of the function of coke making in the Connellsville region. It further indicates that such a recovery is very likely to be by degrees instead of by a spurt, such as the coke region, the market for coke suddenly develops activity after the region has been dragging through a long period of idleness. There is, however, a more or less persistent belief that there will sooner or later be a sort of stampede on the part of the strikers to return to work and, as far as the coke region is concerned, the strike will then have become a matter of history. The observers who hold this view are not disposed to be more specific as to the probable time such a break will occur than to say it will take place "some of these days." Others are unchanged in their opinion that the strike will last throughout the summer, its effect on production being lessened by the slow and gradual process of being worn out.

In respect to these views the developments of last week are to be given considerable weight. The M. C. Frick Coke Company fired up several small ovens, ranging from 32 to 100, all of which plants all of which had been closed down by the walkout of the employees in the second week of the strike. These plants are all located south of Uniontown in which section previous operations had been made to resume. Operations, although several small ovens had started to ship coal. In addition to these four plants the Frick company added 30 ovens at Connellsville No. 1, the first plant in the Lower Connellsville region to attempt resumption even in part. The ovens placed on the active list by the Frick company last week numbered 252, making the total increase by this interest of 252 ovens since the strike threw 2,967 out of blast. Thus far no effort has been made by any of the independent furnace or merchant producers to resume coke making but many of these operators are producing coal on a small and steadily increasing scale.

The effect of the strike and the start toward a recovery of plant activity are shown in the following tabulation which covers the five weeks of the downward course in production and the two weeks during which the trend has been distinctly upward.

That the industrial depression of a year ago, which began to be felt early in March, had a much more disastrous effect on coke production than the strike of this year appears quite plain from the following comparative statistics:

## STEEL PRODUCTION INCREASES SLOWLY; STRIKE NO CONCERN

Buyers Even More Urgent for Prompt Deliveries; Prices for Finished Products Remain Firm.

Special to The Weekly Courier.

NEW YORK, May 24.—The American Metal Market and Daily Iron & Steel Report will review the steel and iron trade tomorrow as follows: Steel production continues to increase slowly, as mills make further improvement in the fuel supplies and feel freer to draw upon their reserves, which are still large. With steel being poured into the trade at a very heavy rate, at fully 100,000 net tons of finished rolled steel a day, the urgency of buyers for deliveries does not decrease, but rather increases. The mills are under very considerable pressure to make deliveries.

Apart from the buying of steel for fabricated structural work, for freight car building and repair and for automobile manufacture, the trade at large is not buying heavily at this time. Most buyers placed orders and contracts very freely in April and earlier months of the year, and now simply require deliveries. Some buyers, however, were not forehanded, not anticipating present conditions, and their buying, although not large in tonnage in proportion to total output, is sufficient to make a strong steel market when mills are as healthy as well sold up for the next couple of months.

In all finished steel products market prices are firm, and a several premium prices are calling for early delivery. The tonnage sold at premium prices is not large, but is sufficient to show that in several lines the buyers without a regular source of supply must pay a premium to secure very prompt shipment, a shipment that any mill was glad to make a few months ago at the minimum of the market.

The coal strike, now in its eighth week, shows no signs of coming to an early end, but the steel interests are as well fortified with stock, and with contracts in non-union mills that no particular concern is felt over the future of production.

The steel market has now acquired sufficient strength and momentum to carry it through the proverbially dull summer period, and next autumn is likely to open with very fair prospects for producers and for consumers as well. If the recent buying is a criterion of their consumptive requirements.

### Postmaster Collins Finds Rural Carriers Travel Rough Roads

Postmaster J. B. Collins has finished a personal inspection of the R. F. D. routes in the Connellsville district. He found that the routes, for the most part, have repaired their old mail boxes and painted them and in places where there are no boxes they are being erected.

Mr. Collins said that the roads on the route of R. F. D. No. 1, which goes from Connellsville to Uniontown, are in a deplorable condition, as well as on Route No. 3. Mr. Collins said that in passing over some of the bridges on route No. 3 he thought that they were going to fall through.

### Ban Placed Again On Visitors to Jail

Following the attempt last Sunday of Thomas Lee of Connellsville to saw his way out of the jail in Uniontown the ban on visitors to the battle has been removed. No visitors are permitted.

This morning state police made a careful search of the cells, confiscating a razor, several knives and a number of other weapons. Tuesday was "shave" day in the jail and it is believed one of the razors may have been retained at that time. The only piece of tableware allowed prisoners is the spoon. Some, chiefly Italians, are said to have trouble eating with spoons. Spaghetti is troublesome with the spoon, the former subjects of King Victor say.

### BUY GOOD BONDS

No Safer Nor More Profitable Investment. You can always get full information about round bond issues, yielding six per cent, or better, at the First National Bank of Connellsville. There is no more desirable investment than good bonds. They are usually issued in denominations of \$100, \$500 and \$1,000, but at the bank mentioned, you can arrange to pay in installments, if you wish.—Advertisement—23-1-ead

Plenty of Polleholders.

The Knights Life patron and many of their friends are looking forward to the picnic which will be held on July 8 at Oakford Park by the Knights Life Insurance Company. Persons from Connellsville, Scotland, Mount Pleasant and Greensburg will attend. All attractions will be free and an interesting program of sport events has been arranged. Prizes will be awarded in all athletic contests, which will number about 700, considered the largest list ever offered in Westmoreland county. There will also be a motor and bicycle race from Greensburg to the park.

Children in Spring Time. Mrs. C. Osborn, 7812 Hillside Rd., Cleveland, O., writes: "My granddaughter was troubled with a cough for nearly two years. She took Foley's Honey and Tar and her cough is now gone. It loosened the phlegm so she could raise it easily." Foley's Honey and Tar is just what children should have for feverish colds, coughs, "snuffles" and tight, wheezy breathing. Be sure to get Foley's. It checks croup and whooping cough, too.
